

To create a truly magnificent sailing yacht combined with exhilarating performance requires the successful collaboration of a wide variety of specialists. Bruce Farr, from the finest New Zealand racing heritage, was appointed to design the hull and Nauta Yachts; from Milan, applied years of experience into their innovative and stylish deck and interior layout design. The world-renowned Sangermani shipyard constructed *Desirade* using the most advanced materials. In addition, the latest navigation technology and superb level of craftsmanship makes *Desirade* one of the finest yachts of her size ever built.

The exterior is well designed, with a superb dedicated cockpit where the guests can dine; under a removable sun awning if required, or use this area for sunbathing and general relaxation. The aft cockpit, from where the crew control this remarkable yacht, can be used to either relax and watch the world go by or, for those that may feel more adventurous, to take the helm and experience the ultimate thrill of sailing *Desirade*.

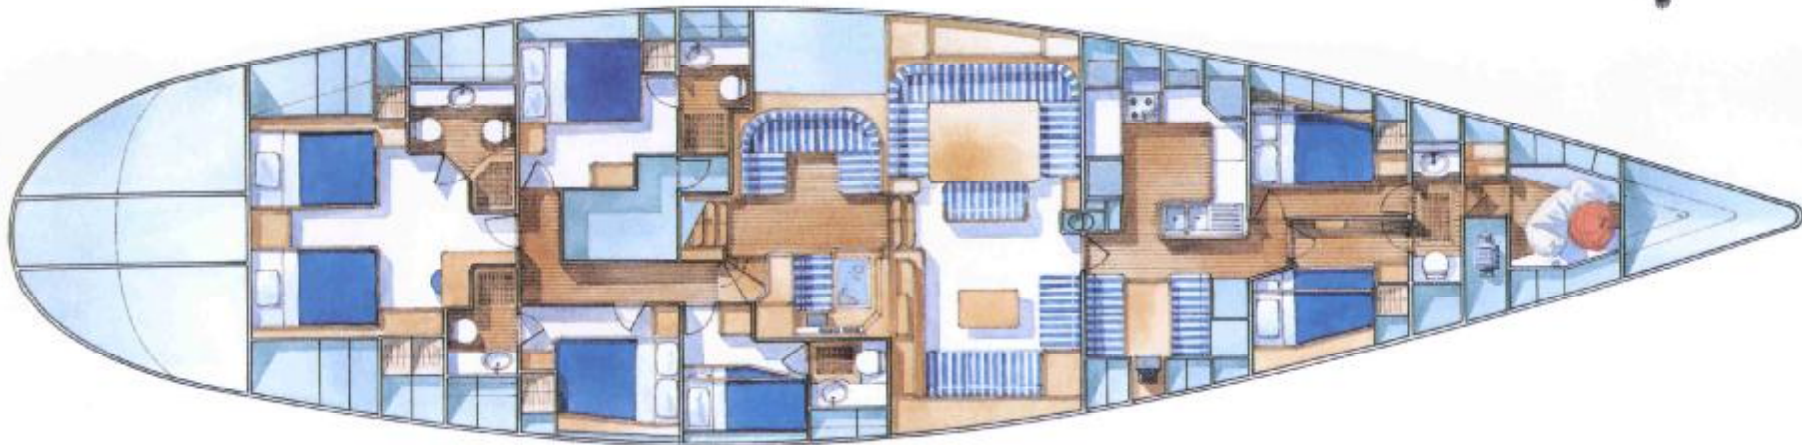

Even for the most discerning and experienced charter guests, *Desirade* surpasses all expectations. Eight guests are accommodated in four en-suite cabins including a full-width master stateroom. The deck house provides panoramic views while under sail or relaxing at anchor. Three steps below is the full-width saloon with a large dining table and a very cosy L-shaped seating area opposite. Top quality fabrics and furnishings combine with the finest Burma teak to create an ambience that is both light and airy and of the highest quality.

Sailing equipment: Hydraulic winches • Hydraulic rollaway system for staysail, genoa and yankee • Autopilot • Radar • GPS • Chart plotter • Weather fax
